

REMARKS

Applicant accepts all of the Examiner's amendments set forth in the Notice of Allowance and thanks the Examiner for her professional help in this case. The Examiner's amendments have been incorporated in the substitute specifications submitted herewith. The issue and publication fee are being transmitted to Mail Stop ISSUE FEE on the same date as this response.

Applicant requests that the specification be amended to change the name of the Magnolia from "Sweet Thing" to "Perry Paige". Perry and Paige are the inventors' daughters and they would like to name the Magnolia in their honor. A clean copy of a substitute specification having all the requested changes is attached. A marked up copy of the original specification showing the changes made is attached. No new matter has been added. Thus, the Applicant respectfully request that the set forth amendments to the specification be accepted and the case be passed to issue.

Respectfully Submitted,
